ICD-10 Code(s):

**Please answer questions below**

**HCPCS code(s) (REQUIRED):** \_\_\_\_\_

**Is this request for E0470?** .....  Yes  No **(If no, do not use this form.)**

**If this request is for rental of E0470, please provide the following information:**

What is the start date of the rental? \_\_/\_\_/\_\_\_\_

Are symptoms characteristic of sleep-associated hypoventilation, such as daytime hyper somnolence, excessive fatigue, morning headache, cognitive dysfunction, dyspnea, etc., documented in the member's medical record? ....  Yes  No

Does the member have one of the four respiratory disorders noted below? .....  Yes  No

**Complete one of the following four sections as applicable.**

**1. Restrictive Thoracic Disorders:**

A. Is there documentation in the member's medical record of a neuromuscular disease (for example, amyotrophic lateral sclerosis - ALS) or a severe thoracic cage abnormality (for example, post-thoracoplasty for TB)?.....  Yes  No

B. Is there documentation of one of the following?

1. An arterial blood gas PaCO<sub>2</sub>, done while awake and breathing the member's prescribed FIO<sub>2</sub>, which is  $\geq 45$ mmHg? .....  Yes  No

2. Sleep oximetry demonstrating oxygen saturation < 88%, > 5 minutes of nocturnal recording time (minimum recording time of 2 hours) done while breathing the member's prescribed FIO<sub>2</sub>? .....  Yes  No

3. For a neuromuscular disease (only), either a or b:

a. Maximal inspiratory pressure < 60cm H<sub>2</sub>O?.....  Yes  No

b. Forced vital capacity < 50% predicted?.....  Yes  No

C. Does Chronic Obstructive Pulmonary Disease (COPD) contribute significantly to the member's pulmonary limitation?.....  Yes  No

**Bi-level Positive Airway Pressure (BIPAP) for Treatment of Breathing Related Sleep Disorders  
Prior Authorization (PA) Request Form**

**(Incomplete Form May Delay Processing)**

**2. Severe Chronic Obstructive Pulmonary Disease (COPD):**

A. Is the member's arterial blood gas PaCO<sub>2</sub> ≥ 52mmHg while awake and using prescribed FIO<sub>2</sub>? .....  Yes  No

B. Does the member's sleep oximetry demonstrate oxygen saturation ≤ 88% for ≥ 5 minutes of nocturnal recording time (minimum recording time of 2 hours)? .....  Yes  No

Was the above oximetry completed while breathing oxygen at 2L/min or the member's prescribed FIO<sub>2</sub> (whichever is higher)? .....  Yes  No

C. Was treatment with a CPAP device considered and ruled out? .....  Yes  No

**3. Central sleep apnea (CSA) or complex sleep apnea (Comp SA):**

A. Prior to initiating therapy, did the member have a monitored, facility-based sleep study which documented the following (1 and 2)?

- 1. The diagnosis of central sleep apnea (CSA) or complex sleep apnea (CompSA)?  Yes  No
- 2. Significant improvement of the sleep-associated hypoventilation with the use of an E0470 device on the settings that will be prescribed for initial use at home, while breathing the member's prescribed FIO<sub>2</sub>? .....  Yes  No

**4. Hypoventilation syndrome:**

A. Was the member's initial arterial blood gas (ABG) PaCO<sub>2</sub>, completed while awake and breathing the member's prescribed FIO<sub>2</sub>, ≥ 45 mm Hg? .....  Yes  No

B. Does the member's spirometry show an FEV<sub>1</sub>/FVC ≥ 70%? .....  Yes  No

C. Does the member's ABG PaCO<sub>2</sub>, completed during sleep or immediately upon awakening, and breathing his/her prescribed FIO<sub>2</sub>, show worsening PaCO<sub>2</sub> of ≥ 7mmHg compared to the original result in question 4A above? .....  Yes  No

D. Does the facility-based PSG or HST demonstrate oxygen saturation ≤ 88% for ≥ 5 minutes of nocturnal recording time (minimum recording time of two hours) that is not caused by obstructive upper airway events (such as indicated by an AHI < 5)? .....  Yes  No

**If this request is for PURCHASE after completion of a 3-month rental period, please provide the following information:**

1. Does documentation in member's medical record reflect progress of relevant symptoms? .....  Yes  No

2. Does the compliance chip show the member consistently uses the device at least 4 hours per 24 hours? .....  Yes  No

***If no, please provide a copy of the compliance download and medical records for review.***

I certify that I have appropriate authority to request an organization determination for the item(s) indicated on this request. I further certify that the patient's medical records accurately reflect the information provided. I understand that

Use for Blue Medicare HMO/PPO Plans

**Bi-level Positive Airway Pressure (BIPAP) for Treatment of Breathing Related Sleep Disorders  
Prior Authorization (PA) Request Form**

**(Incomplete Form May Delay Processing)**

Blue Cross NC may request medical records for this patient at any time in order to verify this information.
